

Choose one of these activities to complete at home with your family

LONDON

Research

Choose one London Landmark to research and find out about the materials that were used to make it. Draw a diagram, labelling the different materials.

Create

Create your own London Landmark artwork. This could be a model, collage, painting or illustration.

Knowledge

Choose another large city and think about the similarities and differences with London. You can present your thoughts in a mind map, drawings, tables, or with photos. Think about architecture, transport, population, language and culture.

PLEASE NOTE:

Home Learning projects
(no larger than A3)
to be handed in by:
Monday 19th October.

We will make sure that your child has a chance to share and present their work to the rest of the class. You may want to practise your presentation at home, so you know what to say or have something to read your facts from.

Ritu and Lara

Drama

Create a London role-play tour. Pretend to be tour guides and act out showing visitors around London. They can ride the bus, take the Tube or walk across Tower Bridge. Parents - you could help add sound effects and music for fun!
